

Calculus 1 - Homework 25

Professor:

Dr. Joanna Bieri
joanna.bieri@redlands.edu

Office Hours:

Check the class website for office hours: calculus1.joannabieri.com

Prepare for Class

1. Before watching the lectures, do the distanced traveled exploration.
2. Watch Lectures:
 - Video: Discussion about Exploration
 - Video: Introduction to Integration
3. Read Book:
 - Read chapter 4.1 Determining distance traveled from velocity.
 - Activity 4.1.4 is a good example of an exam type question.
4. Start working on the homework problems.
5. Come get help if you need it!

Homework Problems

You should attempt all these problems before class, but we will work on them in class with our groups.

- Exercises 1-10.

Hand In - Video Number 9**Due Monday 11/16 11:59pm**

Exercises 7, 8, 9, and 10 will be eligible for a homework video. Please make sure to sign up!
