

Calculus 1 - Homework 28

Professor:

Dr. Joanna Bieri
joanna.bieri@redlands.edu

Office Hours:

Check the class website for office hours: calculus1.joannabieri.com

Prepare for Class

1. Watch Lectures:
 - Video: Fundamental Theorem and Meaning of the Integral
 - Video: Example Problems
2. Read Book:
 - Read chapter 4.4 The Fundamental Theorem of Calculus
 - Activities 4.4.2 is great practice for evaluating integrals exactly. For more practice, you should be able to draw a graph that represents any of these integrals and approximate the answer using Left and Right Hand Sums (drawing pictures of the sums).
3. Start working on the homework problems.
4. Come get help if you need it!

Homework Problems

You should attempt all these problems before class, but we will work on them in class with our groups.

- Exercises 1-11

Hand In - Video Number 10**Due Monday 11/23 11:59pm**

Exercises 7, 8, 9, 10 and 11 will be eligible for a homework video.
