

Calculus 1 - Homework 9

Professor:

Dr. Joanna Bieri
joanna.bieri@redlands.edu

Office Hours:

Check the class website for office hours: calculus1.joannabieri.com

Prepare for Class

1. Watch Lectures:
 - Intro to the Tangent Line Approximation
 - Example: Using the Tangent Line Approximation
2. Read Book:
 - 1.8 Tangent Line Approximation
3. Try Examples:
 - Activity 1.8.1 is an example of a good exam question.
4. Make a list of questions for your group and professor. You can post these questions to your group channel.
5. Start working on the practice exam questions.
6. Come get help if you need it!

Homework Problems

You should attempt all these problems before class, but we will work on them in class with our groups.

- ALL: 1-8

Hand In - Video Number 4

Due Monday 9/28 11:59pm NOTE: No video due Tuesday after the Exam.

From this homework problems 5, 6, 7, 8 will be eligible for a homework video. Please make sure to sign up!
