

Calculus 2 - Homework Day 10

Professor:

Dr. Joanna Bieri
joanna.bieri@redlands.edu

Office Hours:

Check the class website for office hours: calculus2.joannabieri.com

Homework Problems due Before Next Class

1. WeBWorK - IntegrationPractice
2. Book Problems - No new book problems
3. Moodle - Please write up all four different ways that you could do problem number 8 from WeBWorK. Do they give you the same answer?

Prepare for Next Class:

1. Look for PRE CLASS material under Day 11 - This will be exam review!
2. Make a list of questions for your group and professor.
3. Take the daily survey.

Other Notes:

Make sure you are starting to study for the exam NOW! It is generally a bad idea to pull an all nighter studying for a math exam. You need to get a good night sleep before the exam, so start studying now.
