Chapter 7.1 1-4, 8-10, 23-26

Chapter 7.2 1-11

Other Notes:

1. The Extra practice problems are your chance to review some of our past content.
2. If you want to earn some credit for in class presentations, you can volunteer to make videos of yourself solving these extra practice problems. Please choose a problem you have never solved before. Please confirm with me before starting your problems, if you choose an easier one you might need to do two. Your video will be posted to the website. Make sure to check your solutions.
