

Differential Equations – Homework 24

Professor:

Dr. Joanna Bieri

joanna_bieri@redlands.edu

Homework 24

Other Notes:

Reading

1. You can do this!!

Extra Challenge - for those who are curious you can read Chapter 8.4 which talks about how to construct the second Frobenius solution for some special cases. We won't cover this in class, but if this idea is of interest to you there is still lots to learn!

Directions: Do the following book problems

Chapter 8.3 problems: 2, 4, 7, 38
