

# Partial Differential Equations - Homework Day 6

---

## Professor:

Dr. Joanna Bieri  
joanna.bieri@redlands.edu

---

## Homework

1. *Farlow* - Do all problems at the end of Lesson 8.

## Read and Take Notes

(prep for next class)

1. *Farlow* - Re-read the chapters we have covered so far. Take some notes and make sure you understand the material. Next class we will PAUSE and work some problems using the methods we have learned so far. The goal is for everyone to be totally comfortable with separation of variables and the methods that we have covered so far.
2. **Submit your class prep/review notes on Canvas.**

## Other Notes:

1. Keep up the good work!!
